Questions 1-5

Complete the conversation between two friends. What does Juan say to Rob?

Please write the correct letter A-G in the space provided. (5x2= 10 pts)

Example:

Rob: Are you free on Saturday afternoon?

Juan: D

Rob: Would you like to play tennis?

Juan: (1.) C

A Are you a good player?

Rob: Yes, at the sports centre at 3 o'clock.

B Great! Then we won't have to walk back. Thanks very much.

Juan: (2.) F

C OK. Have you booked somewhere to play?

Rob: That's OK. You'll be fine!.

Juan: (3.) H

D Yes. I'm not doing anything.

Rob: About an hour should be enough. We can stop if we get tired.

E Alright. Where shall I meet you?

Juan: (4.) E

F You know I haven't played for a long time.

Rob: Your house is nearer to the sports centre so I'll see you there at 2.30. We can go in my car.

G It's not expensive to play.

Juan: (5.) B

H How long are we going to play for?

Rob: No problem. It'll be fun.

Questions 24-30

Read the article about two Canadian boys.

Decide if the sentences are **Right (A)** or **Wrong (B)**. If there isn't enough information to answer "Right" or "Wrong", choose **Doesn't say (C)**. (7x1= 7 pts)

A great idea!

Frazer and Peter are two 14-year-old boys who grew up in the same small Canadian town. They have always been friends and classmates. Like all their other friends, they enjoy going fishing or swimming at weekends. But for the last few months, they have spent every weekend in Peter's room working on his laptop. This isn't because they have a lot of homework. They have made a new computer word game.

The idea for the game came from Frazer's little brother, Kevin, who had problems with his reading. Kevin learns words more easily by seeing pictures and hearing information than he does by reading. His brother wanted to help. Peter and Frazer worked together for over 200 hours to make a computer game and now it's ready to use. It's a speaking and picture game. For example, if you look at the word "hat", there's a drawing of a hat next to it and you can hear Peter saying "Hat! Hat!" at the same time.

The two boys have won a lot of prizes for their computer game and it will soon be on sale around the world. Many schools are interested in buying it.

For questions 24-30, circle the correct letter A, B or C.

24 Peter and Frazer go to the same school in Canada.

A Right

B Wrong

C Doesn't say

25 Peter and Frazer like doing different sports to their friends.

A Right

B Wrong

C Doesn't say

26 For the past few months, the boys have spent most of their time outside.

A Right

B Wrong

C Doesn't say

27 Peter and Frazer prefer playing computer games to doing their homework.

A Right

B Wrong

C Doesn't say

28 It took less than 200 hours to finish the new computer game.
