

## Who is Let's go abroad?

Let's go abroad is a small, personal non-profit association based in Kaltbrunn, Canton St.Gallen. We are a 2.5-member team (and board), consisting of Pascal Longo (managing director), Damian Frei (trainee student support and marketing) and Doris Deucher (student support outbound and inbound program). Our aim is to promote educational and intercultural encounters. We, as an association, pursue exclusively charitable purposes. We have only one goal: satisfied program participants. Every participant is very important to us! We are a globally networked organization with various partners in over 10 countries.

## How do we proceed?

In an individual, personal conversation, if desired also at the participants' home, we receive the wishes. Only after getting to know each other, the selection and placement in the host country follow. Each participant will be prepared for his stay in various sessions. During the stay we are available to the participants with our 24/7 emergency service.

In terms of programs we offer High Schools, Colleges, Internships, Summer camps and various short-term programs. Furthermore, thanks to our partner in England, we can offer the popular Cambridge Certificate respectively the exam. Furthermore, we are also a partner of LTS and can e.g. conduct the TOEFL.

## We offer the following countries:

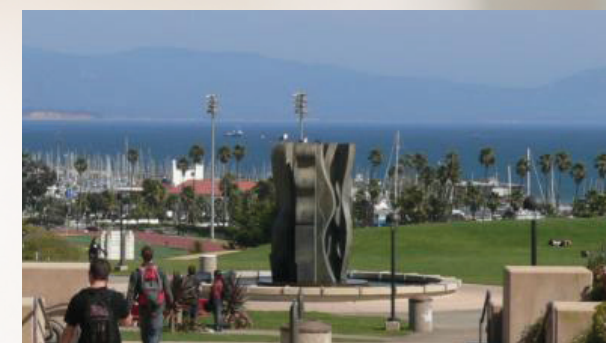

- Argentina
- Australia (Choice of school)
- Belgium
- Costa Rica
- Dubai (U.A.E.) (Internships, Summer camps)
- England\*
- France\*\*
